Rolling Plan for Georgia

Basic Policy Assistance for Promotion of Economic Growth and Stability of Society of Assistance Priority Area 1 Improvement of Economic Infrastructures [Background and current situation] [Strategy] Located on the shortest route between Europe and Central Asia, Georgia plays important role as connecting center Japan assists improvement of East-West Highway which connects East and West Georgia of logistics in the Caucasus region. However, the infrastructures constructed during the Soviet era are aging and and thus provides high benefit to the economy of the country and also assists to enhance deteriorating especially in rural areas. At the same time, rehabilitation of infrastructures after the military conflict in the ability for maintainance of roads through technical assistance. the summer 2008 is an urgent issue for the country's economic development. Schedule Assistance Japan's Assistance Amount Scheme Program Summary Project Name Note (100 Million Program Development task Before JFY 2017 JFY 2018 JFY 2019 JFY 2020 JFY 2021 Yen) JFY 2016 1-1 Transportation East-West Highway Improvement Project LA 177.22 This program aims at improvement of LA East-West Highway Improvement Project (II) 44.10 economic infrastructure targeting Transportation economic growth, as infrastructure in Program Georgia established during Soviet era Training on Transportation TR is getting obsolete. XX-TA Promotion of Preventive Measures against Disasters on Roads (Rockfall) [Background and current situation] [Strategy] Georgia is scarce of fossil fuel and it imports energy such as natural gas and oil which is necessary for thermal In view of sustainable economic development, Japan provides assistance in the field of power generation. Georgia has a high potentiality of alternative energies development including hydro-electric electric power generation including small size hydro-power station which applies less loads generation, utilizing abundant water resources in the country. to the natural environment. Development Schedule Assistance task 1-2 Japan's Assistance Amount Program Summary Project Name Scheme Note (100 Million Program Before JFY 2017 JFY 2018 JFY 2019 JFY 2020 JFY 2021 Yen) Electric Power JFY 2016 Power Rehabilitation Project LA 53.32 This program aims at development of Electric Power alternative energies including Hydro-Program electric generation. Training on Natural Resources and Energy TR

As of April, 2017

Priority Area 2	Stabilization	of the people's livelihood												
Development task 2-1 Agriculture and Regional Development	[Background and current situation] Regional disparities between urban and rural areas and diparities of income among people have become obvious in Georgia. The government of Georgia aims at reduction of poverty by measures such as pension reform and prioritized allocation of budget to the development of rural area.				[Strategy] In order to stabilize people's livelihood, Japan makes its efforts to formulate projects in such fields as agriculture, SME promotion and tourism.
