

Rolling Plan for Georgia

As of April, 2016

Basic Policy of Assistance	Assistance for Promotion of Economic Growth and Stability of Society											
Priority Area 1	Improvement of Economic Infrastructures											
Development task 1-1 Transportation	[Background and current situation] The infrastructures constructed during the Soviet era are aging and deteriorating especially in rural areas. At the same time, rehabilitation of infrastructures after the military conflict in the summer 2008 is an urgent issue for the country's economic development.					[Strategy] Japan assists improvement of East-West Highway which connects East and West Georgia and thus provides high benefit to the economy of the country and also assists to enhance the ability for maintainance of roads through technical assistance.
